

GMU OFFICE OF SUSTAINABILITY

COVID-19 OPERATING STATUS

Our priority is the safety of our GMU community. Please be advised that in order to minimize the potential spread of COVID-19, the **Office of Sustainability will be operating completely remotely**. Our normal location in NE Module II WILL NOT be open. We will still be working during our regular hours, 8:30am-5:00pm, Monday-Friday, and will be reachable by email as always at: gogreen@gmu.edu

All in-person volunteering, including zero waste, greenhouse, etc have been suspended for the time being, and professors have been notified of this change. If your professor has questions please encourage them to reach out to us again at: gogreen@gmu.edu

We will be updating the public on the status of Earth month events and more as soon as we know. We will follow Mason and statewide policy - For now, that means every in person event through April 10 has been cancelled or moved online. Please subscribe to our Sustainable Scoop or for the most authoritative information, go to: <https://www2.gmu.edu/coronavirus>

From us to you, please remain safe and try to social distance - yet remain connected virtually if you can - as much as possible during this pandemic.

Warmly,

-OoS Staff & Interns
